

SCRIPPS RANCH

SRCA Newsletter Article June 2009

Are You Ready?

Again wildfires are raging and homes are being destroyed. The fire season has started.

Do you and your neighbors have a 100-foot defensible space?

Is your house "ember proof"?

Have you cleaned the fire fuel from your yard?

Have you planned for the next evacuation?

Have you taken the Living With Wildfire Home Assessment Survey?

We recommend you spend a half-hour with www.communitygreenscene.org, then watch the video and pace your way through the survey.

Be proactive. Getting ready now may save your home.

You can reach the Scripps Ranch Fire Safe Council at 945-6303 or srfiresafecouncil@mac.com.
